

You will be taking a survey measuring the five factors of personality using the Big Five Inventory. The survey includes basic demographic information and at the end you'll see your results and what they mean. Be sure to have your **reaction time, corresponding reaction time variability, choice reaction time, and corresponding percent correct** on hand before you start - please just use your best scores from any of the previous labs. It should take 10-15 minutes to complete the survey.

Here is the link to the survey: https://unc.az1.qualtrics.com/jfe/form/SV_4OTCnCRbPci6VdX

If you have any questions, please email me at autumne@live.unc.edu

Thank you for your participation.
